Canyon High School scored 234 points and won first place in the academic and literary events section of the Interscholastic League District 1-AA meeting.

CHS took 11 first place awards during the weekend competition here against four other regional schools.

Judy Roberts, Ronald Osborne and Moore were named to the all-star cast.

CHS presented a scene from "The Barretts of Wimpole Street," which was directed by Mrs. Margaret Foster. The plays were judged by Dr. William R. Reardon of the University of Kansas. Other CHS students placed as follows:

Permits Up \$44,950 Over 1961

Building permits issued by the City of Canyon reached \$305,085 for the first three months of the year, up \$44,950 from the same period in 1961.

City Manager Bill York released those figures yesterday and pointed out that last year's first quarter total was \$260,135.

Thirty-seven permits were approved during January, February and March of 1962 compared with 40 for the same period last year.

Twenty-one of the 1962 permits -- for \$253,600 -- were for new residential construction and "move-ins."

The additional 16 were for commercial, church and alteration work, with a total of \$51,485. Church construction accounted for \$15,000.

Last year 18 permits were for new residential construction and "move-ins" and totaled \$241,125. The other 22 -- \$19,010 -- were in the commercial, church and alteration category.

Former Editor Sparks Query

Oscar Griffin, former editor of The Canyon News, is credited with having written a series of articles which touched off the investigation of Billie Sol Estes. Griffin now is editor of The Pecos Independent and Enterprise.

His stories on the enormous number of anhydrous ammonia tank mortgages in West Texas was instrumental in launching investigation into Estes' operations.

"Woe is me," this dog -- we'll call him Rover -- seems to be thinking after being scooped up Monday under Canyon's new animal ordinance. For what it's worth, he has the questionable distinction of being Number One to be placed in the animal shelter.

Board Exploring Expanding Present Elementary School

The Canyon Independent School District is exploring the possibility of expanding the present Elementary School facilities rather than constructing a new, separate building on the existing site.

Superintendent Joe A. Gibson said the School Board members he had conferred with seemed agreeable to the plan.

"Under the proposal," Architect Clayton Shriver said,

"we would tie-on the present building and then build north and then west."

The board considered at least four proposed sites last week and then voted 4-2, to build a new school on the already-owned property.

At that time, the consensus was to erect a separate building on the northwest corner, the

present site of two little league baseball diamonds.

An addition to the present school would leave the baseball parks intact.

Gibson said it would also simplify transportation problems and zoning for a "good many years."

A \$600,000 bond issue to finance either an expansion or a separate building will be presented to the voters on April 14.

If approved, the money would also be used for improvements at Canyon Junior High School.

The present school, under the proposal, would quarter students in the first, second and third grades. The new facility would house students in the fourth, fifth and sixth grades.

The existing kitchen would be enlarged and a new dining area would be added.

Shriver pointed out that economies could be affected since many administrative functions could be incorporated into the proposed addition.

Lid For Pool

Canyon kids paddling in the wading pool at Conner Park this summer won't end up the color of a fire plug.

Mrs. David Lipscomb has told City Manager Bill York the Canyon Study Club wants to erect a metal shelter over the pool.

York, of course, says that will be just fine.

This is all that remained after a \$48,000 fire on the C. A. Potzemny property last week. Damage to native grass seed was estimated at \$40,000, to the barn \$8,000.

Canyon School Board To Fill Three Posts In Saturday Election

Commissioners Are Re-Elected

Canyon voters cast only 80 ballots Tuesday as the three city commissioners seeking re-election were returned to office for two-year terms.

Each candidate was unopposed and only George Ritter of Place 3 drew write-in opposition -- from Sam Jolly, who garnered four votes.

Acting Mayor Delbert E. Lowes, who has been serving from Place 5, won 80 votes in his unanimous bid for a seat from Place 1.

The city charter designates the Place 1 commissioner as mayor.

Clarence E. Thompson of Place 2 polled 79 votes -- none were against him -- and 76 were counted for Ritter.

Lowes must now resign from Place 5 so the commissioners can appoint his successor.

Under the city charter, commissioners for Places 1, 2 and 3 are elected in even-numbered years -- as they were Tuesday. Places 4 and 5 will be filled in odd-numbered years, in 1963, for example.

Area C Of C Meeting Set

Almost a 100 area Chamber of Commerce leaders are expected on the West Texas State College campus Monday for a one-day workshop.

Roland Black, chamber manager said this will be the first time one of the sessions--two others are scheduled in West Texas--has been held in a city the size of Canyon.

The workshop, to be conducted from 9 a.m. until 3 p.m., is sponsored by the Community Services Committee of the West Texas Chamber of Commerce, with headquarters in Abilene.

"The program is designed for all chamber leadership but is particularly slanted to the chamber president, other officers, chamber board members, committee chairmen and members and the chamber manager," Charlie Young, chairman of the committee, said.

The program includes a luncheon speech by Clint Formby of Hereford, president of the Deaf Smith chamber.

Frank Mueller of the U. S. chamber will tell a morning meeting about the "Responsibilities of Community Leadership."

Seed, Barn Damage Set At \$48,000

Fire destroyed \$40,000 in native grass seed and an \$8,000 barn on the C. A. Potzemny farm northeast of Canyon last week.

Potzemny said insurance would cover only \$15,000 of the seed damage and \$5,000 to the barn and some stored equipment.

The smoldering blaze was out of control when firemen from Canyon and Amarillo arrived.

Potzemny said the fire probably started when a spark from a tractor he had been operating touched some tall weeds and then spread under the roof of the barn.

"That's all I can figure out," he added.

The fire was discovered by a neighbor, L. E. Hermsmeyer, around noon.

Some 200,000 pounds of seed were destroyed.

Consequently, candidates were prohibited from seeking the Place 5 seat Tuesday.

The commissioners haven't said so publicly, but they are expected to offer the post to Paul Lindsay, who, reportedly, desires to leave the five-man governing body.

Lindsay was appointed to the Place 1 spot last year after Mayor John Taylor moved from Canyon.

John Williams is the present Place 4 commissioner. His term expires next year.

Haley Opens State Drive

Cowman J. Evetts Haley, Jr., has opened his state-wide campaign for commissioner of agriculture on the heels of federal action returning a wheat over-seeding case against him to the U. S. Supreme Court.

Haley left Canyon Tuesday on a tour that will take him to some 165 cities in all sections of Texas before he returns on April 29.

The candidate contends the questioned over-seeding -- in Oklahoma in 1956 -- involves his father, not him.

Judge T. Whitfield Davidson of Dallas has held Haley does not owe the \$506.11 penalty sought by the government, even though it had been upheld by the Supreme Court.

The high tribunal disagreed and ordered the case returned for further consideration.

It's Money And Paving At Session

Paving and money were talked in the Randall County Commissioners' Court Monday.

Joe Wells and Ed Roberts, who deposited \$1,200 with the county two years ago, appeared before the panel to determine the status of possible paving fronting property they own on McCormick Road between the Expressway and Washington Street.

Nothing, however, was settled.

Commissioner B. R. Jones of Precinct 1 reminded Wells and Roberts the money -- plus \$300 from other owners along the street -- was deposited before he assumed office.

A caliche base has already been laid on the one mile stretch. Wells and Roberts said it was deteriorating "fast."

Jones said he didn't know when the paving could be done.

The remainder of the road is already paved.

"If you are not going through with the paving," Roberts said, "I think we should get our money back."

"We would rather contribute more and have the paving completed," Wells said.

The commissioners agreed that individuals, in the past, had helped pay for paving.

"We don't want any free ride," Roberts said. "We are willing to do our share."

Jones said he would instruct an engineer to inspect the road and submit a cost estimate to complete the paving.

In other action, the commissioners presented a \$1,500 voucher to Civil Defense officials as Randall County's share of installing a three-siren warning system in South Amarillo.

Potter County and the Federal government will contribute matching funds.

Fires Reach New Record During Year

The Canyon Volunteer Fire Department answered 81 city alarms and 64 in Randall County during the fiscal year ending March 31.

City Manager Bill York said those figures probably represent all-time highs, although it couldn't be definitely determined since complete records weren't kept until last year.

The city is paid \$100 for each call made outside Canyon's city limits.

However, the county disallowed one fire for payment and the total, consequently, came to \$6,300.

Other Votes Will Be Cast By Citizens

By WILLIAM PEART

Three seats on the Board of Education of the Canyon Independent School District will be filled from a field of six by qualified voters Saturday.

The polls at the American Legion Hall will be open from 8 a.m. until 7 p.m.

President A. C. Haley, Jr., and W. W. Sternberg are vacating two of the posts.

Walter Graham, whose term expires, is asking the voters to return him to another three-year tour on the seven-member board.

Also running for the three positions are Pete Cowart, Joe Gill, Jerry LaGrone, Wesley Cox and Arnold Prichard.

School board elections are also scheduled in Umbarger and Happy.

Three members of the Randall County School Board will be elected but the three incumbents -- Charles Beckman of Precinct 2, Marion Bruce of Precinct 1 and Jess Barker, trustee-at-large -- drew no opposition.

In Umbarger Common School District 11, Ed Wieck and Ray Gerber want the seat being vacated by L. L. Raef, whose three-year term expires this year.

The names of five men will be on the ballot as candidates for two posts in Happy. They are Evans Holland, Burl Sims, Eugene Sims, John Toles and C. D. Zachary.

President R. S. Francy and Secretary M. D. Nichols, whose terms expire, are not seeking re-election.

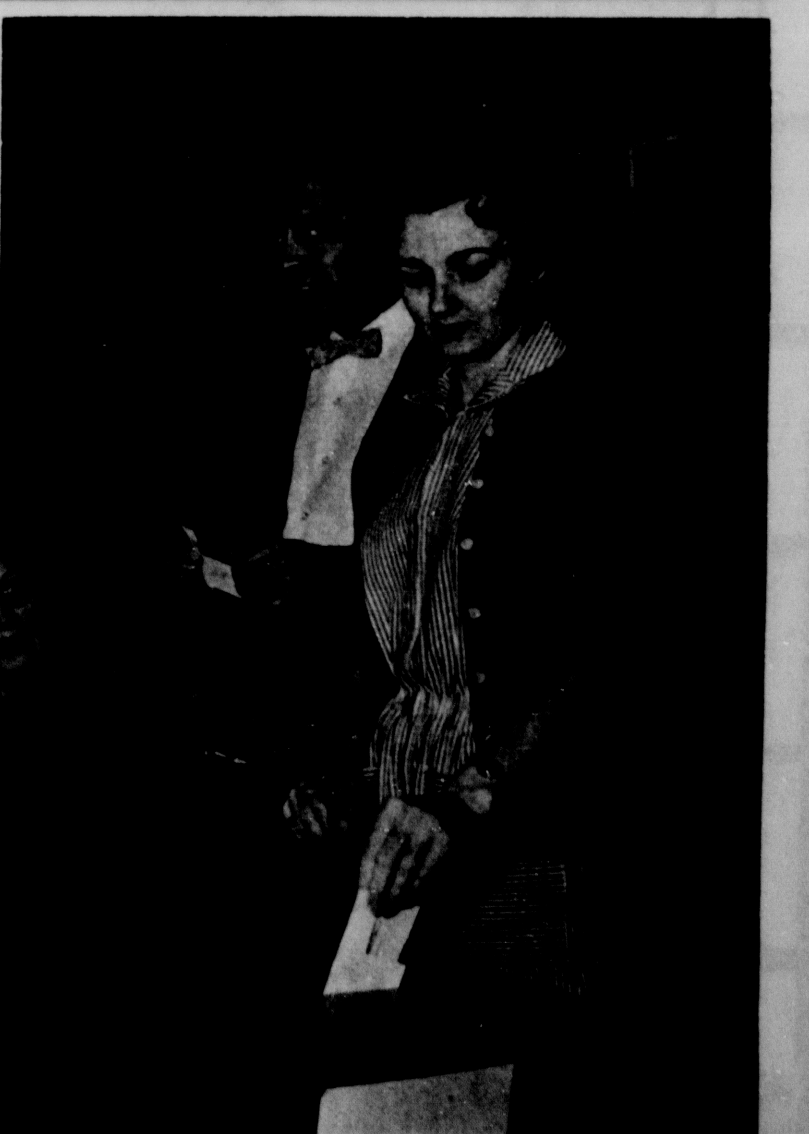

Graham, 54, has been a board member since 1930, when the Hudson District was still in existence. Canyon and Hudson were consolidated in 1948, and he has been on the board ever since.

He was born in Briscoe County and has lived here since 1928. He is a rancher and farmer.

Graham said he is seeking another term since two of the men whose terms expire did not choose to run "and I don't think we should have three new men on the board at one time."

Cox, 44, sought a board seat last year. He was born in Lock-

Kuykendall, Gill Win Top Bee Honors

Chris Kuykendall and Henry Gill have spelled their way to the regional spelling bee in Amarillo April 28.

Chris, a 12-year-old eighth grader, won first place in Randall County's senior spelling bee last week by spelling "acumen." He is the son of Mr. and Mrs. Conway Kuykendall.

Henry, who is 11, is in the sixth grade, and is the son of Mr. and Mrs. Q. W. Gill, won

top honors in the junior division.

Wanda Owen, 13-year-old eighth grader and the daughter of Mr. and Mrs. H. B. Owen, was the runnerup in the senior bee.

Editorials

Canyon High School, its students and faculty, is to be congratulated on winning first place in the Interscholastic District 1-AA competition for literary and academic events.

CHS scored an impressive 234 points and took 11 first place awards. That's quite a record, and one the school will be striving to even better next year.

Compliments, too, to those students who failed to place. Determination and effort is, in our opinion, as important as going home with a trophy.

Hilltop Views

This week's story is hash--a compound of this, that, and 'tother. If you don't like the first bite don't reject it all--the next bite might be pretty good. If, finally, you don't like any of it, blame it on Grady Persons, one of my domino buddies. I wouldn't have been writing this if he had not asked me to go with him to the Rotary Convention at Odessa. The three days we spent together was enlivened by another hitch--hiker named Ed Plank. As you know, Ed is quite a globe-trotter -- or rather globe-flyer. He has been places, seen things, and knows his way around. Both he and Grady are captivating conversationalists, so I didn't get to talk much. (Quite a sacrifice for me, since I have spent most of my life talking.)

Down at Tahoka we stopped for a 30 minute chat with my nephew, Frank Hill, editor and publisher of the Lynn County News. He spent five years in my home and acquired a degree and a wife at W.T. His newspaper isn't big enough to print all the tricks and stunts he and my son Davis pulled while rooming together; and besides, to publish half of them would put Frank out of business in Tahoka. Then there was his courtship that consumed quite a bit of his time, explaining in part why it took him five years to graduate. I can yet close my eyes and see him and Mae Howard of Crosbyton sitting admiringly on the iron fence for hours at a time.

Frank takes great interest in politics and is one of these radical conservatives sorters like Troy Martin. He still asserts, though, that he is a Democrat. Says he is not going to quit the Donkey till it throws him.

But Frank does have his sane spells. For instance, he likes to brag on Lynn County and Tahoka--the home of the Tahoka daisy. Then he throws his chest out when he asserts that "Old Lynn" produced more than 185,000 bales of cotton last year--13th in the nation. I told him "that's nothing: I picked that many bales before I was 21."

Then his feathers fell a little when I reminded him that the

Just Sort Of....

I figure I sort of squandered my three bucks. And I'm not one to spiral my hard-earned down a drain.

I toted my battered, weary rain coat over to the cleaning shop before I left Dallas. Fix it up pretty-like, I told the man north of the counter. We're moving to Canyon, I said kind of nonchalantly, and it wouldn't

do for me to parade around the square in a number that looked like I saw combat duty during the War Between The Stars.

Fine, this kind and friendly soul said. He could do the necessary to make it look like it just rolled off an assembly table. Clean and shiney and everything.

Fight Against Communism

Is there a real Communist -- or more than one -- in Liberty County?

Since World War I we have read with passing regret of the Communistic takeover, by force, of one after another democratic countries in Europe. After the takeover, and before, each of these countries was infiltrated with Communist collaborators.

Beyond question, the Communists have planted several key Communists and fellow travelers in Houston and all other strategic cities.

They have bragged that they will have taken over the United States within a few years from now. Have they gone so far as to plant future stooges for Communism in such satellite areas as Liberty County as they work in devious ways toward that fantastic goal?

If there is one Communist, or more, in Liberty County, what should we do about it?

Based on evaluation by J. Edgar Hoover, F.B.I. chief, who probably knows more about fighting Communism than any other man in our country, it would seem that neither the ultra-right fanatic nor the ultra-liberal who winks at Communist threats is taking the correct anti-Communist approach.

Rather, anti-Communism is good citizenship. It is alertness. It is taking an active interest in government at all levels. It is taking a stand on political issues rather than straddling the fence because you think it is good business or good neighborliness.

It is voting in the city and school elections next month. It is voting your honest, patriotic sentiments when the primaries and the general election come along in May, June and November.

Communists in Liberty County? What of it? The most potent poison for such rats is the D.D.T. of good citizenship--not the cheese of fear and suspicion.

The Present Generation

Towns are a lot like nations. They go through cycles and, usually, each new generation of business men and community leaders do a lot of complaining about the past generation, which is assumed to be "Old Fogey" and conservative.

Time was when these youngsters were always talking about the towns needing some funerals, about community needs; about bond issues always being blocked by successful citizens who "had it made" and wanted to coast. Not so in Hereford or, for that matter, in the United States. The younger people, in fact, have defeated several bond issues here in past years, while the larger property owners have marched to the polls and voted "for."

And on a national scale, the present generation of 50-year-olds and up have been anything but conservative. If the coming generation could possibly pay off the debts which they will face, they can indeed consider themselves fortunate. What's more, indications are that things will get worse instead of better, before any new generation can take over the reins.

In the past 25 years, our city, school and county government has shifted from a near-crash basis to one of heavy indebtedness. We do not say it is too much and, in view of the national policy, it was inevitable. Bonds in all of these sub-divisions are sought by brokers, which indicates that all three governmental agencies are well in line -- but we still maintain a sizeable debt which future generations will retire.

One thing is for sure, the present generation can never be accused of being ultra conservative or parsimonious when it comes to dishing out government money.

When you pause to recall that America's free spending generation lived through and emerged from the Depression days of 1930-32, this may seem odd. The new generation, sons and daughters of these same people, were reared in the fabulous 40's and 50's, which were undoubtedly the most lush in our nation's history and, in turn, give every indication of turning toward more conservative handling of public money.

Some people attribute the situation to human nature, and will tell you that people yearn for those things they never had. There is also the possibility that it may have dawned on these youngsters that they are the ones who will pick up the tab -- and pay the bills. Either factor might easily produce the same results.

That would be two dollars, please.

I reckoned that was quite a deal.

Then he took another pass at my wallet.

For another buck, he would have the gentleman in charge of such things squirt a mess of something or the other on Old Faithful, so it would be 100 per cent waterproof. Guaranteed yet, he said. No need to worry, then, about rainsoaking through, and splashing my wash-and-wear.

I reckoned that was a better bargain. Do it, I said. The works. The whole shooting match.

Well, I've been here a month now, and I have yet to determine if what he said was for true. There ain't been any test- (See JUST, Page 3)

From The CANYON RIM

The usually optimistic Kiplinger Washington Letter says Congress is running hog-wild in extravagance for its own self.

The letter points to acres of new buildings on Capitol Hill, monumental, expensive in extreme. Such things as hand-cut stone, like medieval cathedrals. Utmost of luxury on the inside.

A third House office building costing \$80,000,000. A network of tunnels with little trolley cars at \$75,000 each. Superb accommodations for everybody.

Here's some more things we are digging to finance for our "representatives." An underground garage, \$50 millions -- \$25,000 per car.

Opines Kiplinger, Congress is the same size, yet has spent \$500 millions in the past 5 years on buildings and office fixtures for itself -- all plush -- sky the

limit.

Also says Kiplinger, there has been a loose administration of funds, expense accounts, pre-functory supervision by committees that do not dare to be critical. Members might take offense and spoil the clublike spirit.

Solons take trips abroad, on "business," the letter goes on, but with wives, families and friends. Bags of money are handed to them abroad, bundles of counterpart funds which are earmarked national currencies that flow from our foreign aid.

Kiplinger says there is only meager accounting on these junkets and publicity is discouraged by a system of cover-up, most records privileged, not open to the press.

Executive agencies know all this, the letter continues, but can't challenge congress. Besides, the deterioration of the sense of frugality within Congress promotes a similar spirit on appropriations for the executive agencies which suits them just fine.

"This explains our federal taxes," says Kiplinger om- (See CANYON, Page 3)

ing weather.

I poke my nose out of the front door every morning before I report in at the word factory. I point it in all directions, and sniff for something even akin to rain. No go.

Once, when the weather looked burly, I calculated the rain odds, stuck my arms through Old Faithful's sleeves, and marched through the door. I got maybe four feet from my car when the clouds shuffled off somewhere, and the sun winked down at me.

I squirmed from the coat--my shiney, like-new, rain-proof coat -- played with my tie and muscled my head from east to west.

I also remembered those departed three bucks, and wondered if maybe I shouldn't have spent it more wisely.

Now I know what folks are talking about when they say

the farmers need some rain.

I'm getting sort of frantic. The man in Dallas didn't tell me my 100 per cent guarantee would run out in X number of weeks, but I figure it will.

I remember what happened to our electric blanket three months and one day after we charged it. I refuse to get in that fix again.

I've got a plan.

One of these nights real soon, I'm going to pour over the long-range forecast -- which, naturally, has become required reading in our house.

I reckon it'll predict clear and sunny skies for Canyon and vicinity.

If it does, I'm going to shuck my clothes, get into Old Faithful, step into the shower, aim the spray at you-know-what, and give it the do-it-yourself test.

After all, I've got three bucks riding on this thing. That city-slicker gave me a 100 per cent guarantee.

And I don't like to get took.

How about it Mr. Congressman Walter Rogers? Can you shed any light on this? If what Kiplinger charges is true, Mr. Congressman, we'd like to know what you've done and what you propose to do about it?

If it is true then members of Congress who even have condoned it by silence must bear an equal share of the guilt. We can't help remembering the pious phrases of last year: "Ask not what your country can do for you but rather what you can do for your country."

We can't see why folks are so surprised when something like the Billie Sol Estes episode takes place. The federal government has been playing fast and loose with other people's money for decades.

average cigarette smoker in Lynn County spent \$47 last year and that the total spent in his county for cigarettes was one third of a million dollars. I was glad that neither of us had the figures on Randall County.

But Odessa and the District Rotary Convention was our objective. We were among the first to arrive and register; and soon Grady and Ed had shaken hands with all comers. At the first program Grady lost his hat and I am not telling who brought it to him the next morning. As for myself I soon found I would best be on good behavior--that town of 80,000 is alive with W.T. exes.

I can't begin to list them here, but at the big banquet Friday night Ed and Pearl (Travis) McLaughlin sat at the head table next to the Chairman and Ed introduced the distinguished speaker. Some of you know that Ed was President of Rotary International last year and he and Pearl traveled the whole world. I can remember seeing them on W.T.'s iron fence, too, more than 40 years ago--great kids, they were and great American citizens they are.

Then at the same banquet head table were Floyd and Elsie (Poole) Golden, who, too, had years ago found happy use for the iron fence. Floyd is a past District Governor of Rotary in New Mexico, a past President of Eastern New Mexico University, and currently is a popular lecturer.

Other exes whom I remember was a Baker girl from Mineral Wells, a sister of the mid-land "Baker" brothers. She is a Mrs. Mitchell and lives at Dallas; "Toad" Atkinson of Dalhart, now Mrs. G.T. Morris of Odessa, is said to have gotten her nickname because she was so pretty the boys were jumping around her constantly; Kellus Turner, Superintendent of schools at Panhandle for 17 years and a long-time Principal at Odessa, retired from teaching, is now a very popular County Commissioner.

One of the most interesting experiences for me was meeting a Mr. Sewell who was song leader for the Convention, and his sister Mrs. Malvern McDonald, both of whom were grandchildren of my first teacher and both of whom live at Odessa. Not only was their grandfather my first teacher, but his wedding was the first I ever attended, and that has been 78 years ago. Strange to say, they were reared in the Panhandle and I had never seen them all my 50 and more years here.

But it was a convention we attended. I hope, however, you will not expect me to say too much about that. One who is born dumb and then goes deaf has a hard time getting a lot out of speech-making--that is, unless he is the speaker, which I wasn't. And this reminds me of the deaf old man who formed the habit of talking to himself. His grandson asked him one day why he talked to himself. The old gentleman replied: "There are two good reasons, sonny boy: in the first place, I like to talk to a smart man, and in the second place, I like to hear a smart man talk."

But this was a good convention--had some excellent speeches. I know, because the applause at times was loud enough for me to hear. The stories, too, must have been good, the way folks laughed; and I enjoyed laughing with them so as not to seem to have no sense of humor, and just to be sociable.

Seriously I did hear some very informative and inspiring talks. Rotary is growing rapidly. There are, as of now, clubs in more than 100 countries and wherever they go they carry the message of good-will, fellowship, and brotherhood. Rotary's exchange student program is reaching thousands of young people round the globe. If war can be avoided a decade or so Rotary's program will be very effective toward establishing permanent

the era and environment in which he was reared. Those who now will condemn him most were loudest in his praise a few short weeks ago.

Estes is a shining example of a law of nature precluding the possibility of getting something for nothing. Someone eventually must pay.

peace in the world.

I was about to overlook the fact that in addition to the Persons trio Canyon Rotary was represented by Mr. and Mrs. Paul Summers, Professor Herschel Coffee, and Mr. Avent Lair, of whom the last two were Convention speakers.

Mr. and Mrs. Robert Groves and children of Hereford and Mr. and Mrs. Tige Groves of Stinett visited Saturday in the P. M. Wilson home.

May we convey this message of gratitude to you:

Some of the most wonderful people in the world have passed through our doors. In the span of years, more than half a lifetime, one can make many mistakes. You have been most generous with us through these years.

If to owe an obligation to a worthy friend is happiness, we have been wonderfully blessed to have had so many loyal friends.

We thank you for the joys and the sorrows, for the bitter and the sweet that comes with years of association.

We hope

"To see new stars we have not seen,

A surer faith, a peace serene"

Thank you for more than having been our customers. Thank you for your indispensable friendship that gave us courage when going was rough.

Cancer Campaign Starts Next Week

"To Cure More, Give More." This is the challenge presented Randall County citizens by the American Cancer Society, Texas Division. Some 85 volunteer workers will begin solicitations next week toward a goal for the county of \$2700. Randall County exceeded its goal last year by five per cent. "We know we can do even better this year," Dr. Thomas MacOwan, president of this chapter, predicted.

Cancer Sunday is slated for April 15, when workers, directed by Mrs. Joseph Findley, campaign chairman, will canvass the county.

This year has been designated Cancer Progress Year in recognition of the "remarkable progress made in the last 25 years against cancer in the laboratory, the hospital, the doctor's office and in the public's attitude."

Dr. MacOwan boasts that, at present rates, 1,100,000 persons will be cured of cancer in 1962. On the other hand, he says it is estimated about 87,000 men, women and children will probably die this year of cancer. They might have been saved by earlier and better treatment, he adds.

It is to emphasize this point, Dr. MacOwan explains, that the familiar slogan of the American Cancer Society, "Fight Cancer With a Checkup and a Check" will have a companion slogan in 1962 -- "To Cure More, Give More."

Tom Williams, field representative, points out that the ACS has a remarkable record concerning expenditure of funds. Some five or six per cent only, he says, is used for administration.

"And here in Texas," he adds, "we get back more from national headquarters for our state research and work than we send to them."

Randall County and the city of Canyon will be divided into areas for the campaigning, Mrs. Findley explains. Bernard Warren will solicit from businessmen, Kenneth Waugh and Hue-Lyn Laycock will cover the college and the Umbarger territory will be covered by Leonard Batenhorst and Clarence Beckman.

Conway Kuykendall will canvass the southern part of the county. Mrs. John W. Jennings will work through the Home Demonstration Clubs. Assisting Mrs. Findley will be Mrs. Mary Bonnie.

Canyon proper will be divided into nine areas. These area chairmen are: Mesdames Bob Bellah, area 1; Virginia Allen, 2; Grady Persons, 3; Hosea Foster, 4; K. E. Hines, 5; Carl House, 6; Alfred Bellah and Henry Wiggins, 7; J. O. Parker, 8; R. A. Neblett and L. L. Byars, 9.

Canyon Girl Scouts, responsible for displaying some 50 posters for the crusade, will collect the posters during the campaign ends. The Buffalo Gals of WTSC packed the workers' envelopes.

Persons wishing to contribute to the Cancer Society in the form of memorials or legacies are asked to contact James Cole at First National Bank.

Those attending were: Mrs. Othella McGeehe, state HDA chairman; Miss Sally Fields, home demonstration agent; Mrs. R. A. Hodges, and council chairman. Palo Duro Rusk members, Mesdames Douglas Marshall, Clem Dugan, W. N. Rice, Gladys Marshall, Herbert Gerdsen, Charles Comar, Earl Reynolds, Henry G. Miller, Bob Wilkinson and children, and Charles Wilkinson.

Sunnyhill members, Mesdames D. K. McGeehe, D. L. Allison, Nathan Harvey, Orva Henry, Clinton Miller and Becky, Joe Wise, Tom Henry, E. W. Miller, H. A. Hardaway, and Hobart McManizal.

Teen Topics

This week has been full of activities, as was the weekend. Saturday was a big day for the juniors, who were decorating for the junior-senior banquet, and the seniors, who were the guests.

The banquet was marked with much gaiety from "Gay Paree," the theme. Highlighted with beautiful decoration, the cafeteria ceilings were draped with colorful balloons and red crepe paper streamers. Canopies were over each door and travel posters brightened the windows.

In the Commons Area blue net, entwined with silver stars, was draped from the ceiling.

The guest speaker was Don Zimmerman from Boys' Ranch. The Ramrods, a band from Amarillo, was the highlight of the prom.

Twirp Week, a most exciting event of the school year, is in full swing. For the entire week the girls have been walking the boys to classes, carrying the books, opening the doors, and, to top everything off, paying the bills.

An all-school social, sponsored by the S-FC on April 7, will be the climax to Twirp Week.

The only thing taking the joy out of the week is six weeks' tests. Starting Wednesday, the tests will last through Friday.

Approximately 128 people (16 squares) attended.

He moved to Canyon seven
years ago from Hereford.

Prichard, 41, is seeking his
first elective office. He is man-
ager of the two offices of Con-
sumers Fuel Association and
Elevator in Canyon.

"I have children in school,"
Prichard said, "and am very
interested in the school sys-
tem."

He said he feels a post on the
board is a civic responsibility.

Cowart, 47, was born in Sil-
verton, where he was graduated
from high school. He received
a B.S. degree from West Texas
State College in 1936 and then
did graduate work for two years
at Northwestern University in
Chicago.

He taught school in Dimmitt
for two years and served in the
European Theater of Operations
during World War II, emerg-
ing as a captain.

Cowart was manager of the
Chamber of Commerce in Here-
ford for 10 years, until he was
called to duty during the Korean
War. He returned to Canyon as
manager and concessionaire of
Palo Duro State Park Canyon.

"I feel it is a civic duty that
I am capable of handling," Co-
wart said. "If the people elect
me, I'll do my best to serve."

Other members of the Can-
yon Independent School District
are Bob Wear, associate sec-
retary; J. O. Parker; Mrs. Clay
Cooper, secretary; and Dr.
Charles R. Nester.

Present trustees in Umbar-
ger are Richard Friemel whose
term expires next year, and
Leo Artho, who will serve un-
til 1964.

Those who will continue on
the board in Happy are H. E.
Maynard, Morlan McManigal,
D. L. Allison, Clifford Stevens
and Foster Harman.

Other members of the Ran-
dall County Board are R. B.
Gist, Jr., of Precinct 3, and

1963.

THERE IS NO MARGIN
FOR ERROR

When a pharmacist compounds a prescription
an error is unthinkable for it may cost a life. The
exact ingredients or product must be dispensed.
Dosage must be checked for safety for sometimes
a busy physician may misplace a decimal point.

Even the label must show exact directions.
This means that every operation performed about
a prescription must be checked, double checked and
finally triple-checked.

YOUR DOCTOR CAN PHONE US when
you need a medicine. A great many people entrust
us with their prescriptions. May we compound
yours?

old -- March 31st.

Top crop yields are depend-
ent upon several factors
but among the most important
is the selection of planting seed.

The partner of Georgi Holloway, Canyon High School junior, is way out — out of the picture, that is when this picture was taken — during the Junior-Senior banquet and dance last weekend. Vicki Weaver, a senior with back to camera, and her partner, Joe Whittington, also a senior, do the twist.

Do you recognize these dancing pumps, Iris Hales? They're yours, and you'll remember you shed them at the Canyon High School Junior-Senior banquet and dance last weekend when your you-know-whats got weary from doing the twist.

WT Group To Close Its Tours

The West Texas State College Geological Society will conduct its final guided tours of the season at Palo Duro Canyon State Park tomorrow and Saturday.

Herman Jackson of WT's geological department said 375 persons -- primarily students from the Panhandle area -- are scheduled to make the scenic tour.

Last weekend, 244 were accommodated. They will be conducted from 9 a.m. until 4 p.m. Friday and from 9 a.m. until 1 p.m. Saturday.

Jackson suggested that Friday between 1 p.m. and 4 p.m. would be a better time to take the tour since the Friday morning schedule is crowded.

Canyon Junior High School students will be at the park Saturday.

Admission, including the cost of the guide book, is .80.

Senior Post 3 candidates were Marjorie Apel of Panhandle, Roy Hunter of Canyon, Linda Lanham of Borger, Joyce Smith of Amarillo, and Pat Ashton of Lockney.

Three students sought Senior Post 4. They were Ann Oberwetter of Marysville, Kans., Kenton Knorr of Canyon, and Carolyn Collard of Spearman.

COUNTY AGENT'S COLUMN

By John Brazzil

Thursday, April 12, is the date for the annual weed control conference at the Great Plains Experiment Station at Bushland. Farmers who wish to get the very latest research on noxious weed control should attend this conference. It will start at 10:00 a.m. and will run into the afternoon.

Noted research men will be on hand to give out their findings on such weeds as field bindweed and blueweed.

Did you know there are 41 species of termites found in the continental U.S.? By far the most damaging species are the subterranean species. They do about 95 per cent of the damage.

Buildings in Canyon and Randall County are not immune to this pest. Quite frequently calls are made to my office for information on termite control or identification. A small limited infestation may be controlled by home treatment but serious infestations should be handled by reputable exterminators.

Soon now the colonies will be swarming. The queens will emerge and will pair with males to start new colonies.

Randall County cattlemen are putting their money where the flies are. The screw-worm flies that is. And this place is in south Texas where the insect overwinters. Each week millions of sterile flies are released to literally breed the flies off the map. This week a film entitled "Round-Up" will be shown to cattlemen in Randall County. The first showing will be made Tuesday night, April 3 at the Livestock Building in Canyon at 7:00 p.m. The film will be shown at the Umbarger school on the same night at 8:00 p.m.

Back to Canyon will come the

film for another showing at the Livestock Building on Thursday night, April 5 at 8 p.m. If you have a chance to view this colored movie do not miss it.

EX-BUFF BOB "RED DOG" RATLIFF

Golf Team Wins Pair

West Texas State College's golf team, fresh from wins over New Mexico State, goes to Shawnee, Okla., this weekend to compete in the Oklahoma Intercollegiate Meet.

It will be a 54-hole medal play affair, running Thursday, Friday and Saturday.

Coach Huey Laycock's foursome whipped New Mexico State, 8-4 and 7-5 in straight wins last weekend at Amarillo Country Club. The Buffs' match-play record now stands 4-2-2 for the season.

Making the Oklahoma trip for the Buffs will be Jim Holmes, Danny Neese, John Sligh and Kenneth Barnett.

Loman Jones' Locker Room

Today, Friday and Saturday will be filled with sport's activities in Canyon. At 7:30 p.m. today the West Texas State football team will try to cut down the exes in the alumni-variety game. Friday, Canyon Junior High School will hold its district track meet on the WT cinders, and Saturday the high school track team will try its hand at the district crown. The scrimmage tonight should offer some of the most pleasing action seen on the

gridiron in many moons. Many of the big names in West Texas grid annals will put on the pads for a go-around with "little brother."

But the worm may turn on the glory winners of old. West Texas will be sporting one of its strongest elevens in history if the tales one hears are true.

And now that Pete Pedro is well and Ollie Ross has healed, some of the old heads may find things extra rough. It's not as if Pedro and Ross were all. Behind the thinking are quarterback Jim Dawson, Hoot Gibson, Bill Bundy and Ron Starkman.

Packing the hide will be such hard runners as Jerry Logan, Jerry Richardson and Russell Mundy. And the ends have made a fine showing in spring training. Dick Nolen, Woody Gilliland and Jim Ostrander have made spectacular catches.

Beefing the line are toughies Charles Daves, Stu Johnson, Jack Mayfield, Ronnie Radke, Ronnie Staley and Doc Rowell.

Important factors in the game will be condition and timing, both which the alumni undoubtedly lack. Even though a good number of the exes are coaches, it isn't as if they have been knocking heads for a month. Spectators should have the best time.

The district track meet Saturday should supply deluxe viewing. Coach "Jeep" Webb has turned out a team that appears intent on winning. Webb

Football Game Scheduled At 7:30 P.M. In Stadium

By Loman Jones

The sound of popping leather will fill Buffalo Stadium tonight when West Texas alumni-variety gridders meet head-on in the first annual spring football game.

Beginning at 7:30 p.m., the duel will feature many former greats of the West Texas gridiron.

The Alumni will be coached by E. J. "Jeep" Webb, who last played for WT in 1954 and who currently is head coach at Canyon High School.

Tom Landry, head coach of the Dallas Cowboys of the National Football League, will be advisory coach to the exes. The game, billed as the first annual get-together, will be complete with band music and a half-time show. It will end spring training for the 50-man Buffalo squad.

Donning uniforms for the exes will be players who represented the Buffs in the 1956 Tangerine Bowl, plus all-conference men and ex-professionals.

From the 1956 lineup will come Phil Wright, all-conference tackle, quarterback Bubba Hillman and halfback Dave Corley.

The 1957 unit will supply Charlie Sanders, 190-pound all-conference fullback; Ron Mills, outstanding figure in the Tangerine Bowl as a junior; and Bob Welchel, a piledriving halfback.

The 1958 team will furnish such stalwarts as the renowned Bob (Red Dog) Ratliff, who was an all-conference player three of his four years at WT. Also from that squad will come Jim Hadaway, halfback; and Keith Hodges, end.

Members of the 1959 organi-

zation will be headed by Eddie Meyer, an ex-pro who played for Pittsburgh and the Buffalo Bills; all-conference guard Leon Manley, Carroll Stafford, Rex Loftis, Jerry Hill and Max Washington.

Off last year's team will be 10 of the 14 seniors. Scheduled for action are ends Dick Cunningham, Dean Faulkenberry, Joe Granato and Charlie Williams; tackles Ray Kaufman and Al McClellan; guards Bill Bradley and Dick Wiegand; center Dennis Smith, and quarterback John David Bryant.

The contest is sponsored by the West Texas BAM Club. Admission of \$1 for adults and 50 cents for students is being charged. Tickets are on sale at the Athletic Office and the Student Union Building at WT.

Wayne Rutherford, Canyon High School pole vaulter, goes over the bar on a practice run as he readies for the District 1-AA meet here Saturday. Rutherford placed first last year in district with 10 feet, nine inches.

Jeryl Vance, CHS low hurdler, was third last year in the District 1-AA meet. Saturday, he will try to improve his lot. Thus far he has placed high in the event. District record is 20.9.

1-AA Track Meet At WT

The 1-AA District Track and Field Meet gets underway at 9:30 a.m. Saturday on the West Texas State College track.

CHS Coach J. E. (Jeep) Webb said field events will be held first with running events to follow.

Canyon will enter 16 boys and will try to improve on its third-place ranking last season.

Stiffest competition is expected from Dalhart and Dimmitt in the relays. Tulia also has some good boys.

Dalhart won the championship last year and Tulia was runner-up.

Canyon Junior High District Meet will begin at 9 a.m. Friday at the WT track.

Coaches are Bobby Byrd, ninth grade; Bert Glascock, eighth; and Mack Winter, seventh.

Spoke Softly But Carried Big Rackets

The women's tennis team from McMurry College went down swinging Saturday, victims of another West Texas State victory. The local clan has dropped only one match this season.

In singles competition WT's Minta McAninch bested Libby Johnson, 6-2, 6-2, while Sharon Campbell of West Texas "skunked" Janice Richards, 6-0, 6-0. Linda Robinson, also Canyon based, hung it on Gloria May, 6-3 and 6-2.

Doubles had the same one-sided slant with Miss Campbell and Miss Robinson winning 6-1, 6-1, against Miss Johnson and Miss May.

West Texas State will go to Howard County College in Big Spring Friday to tangle with the only team that has proved superior.

Saturday WT will play in Abilene in the Hardin-Simmons Tournament. Entries include McMurry, Howard County, Odessa, Hardin-Simmons, ACC and West Texas State.

Quite a number, isn't it?

True, your electric service bill is higher—because it is an electric service bill, not just a light bill. But the unit cost of that electric service is less than ever before, and each of your electric service dollars buys 23.6% more than ever before.

KEEPING UP WITH THE ARTS

by Mary Caballero

Much has been tossed about in the last few months in regard to the press. Jack Parr became so enraged over the assortment of news that was written about him that he actually went on a big crusade to establish how big newspapers distort stories and to also establish the fact that people believe anything they read.

The real art of journalism is a fascinating subject and I still feel that the printed word carries a larger impact than television news even when it is accompanied by on the spot coverage and pictures.

"Rudyard Kipling, a masterful reporter and story-teller sums up in a verse so pertinent that it is a good guide for all journalists."

"I keep serving six honest men; They taught me all I know; Their names are What? and Why? and How? and Where? and Who? and When?"

In *Writing For Print* by Harrington, I found several rules for reporters. "Accuracy is the first commandment in the news writers' decalogue! He may have speed; he may be interesting as a novelist; but if his reports are not reliable, his services are valueless. One's first duty is to get names, addresses, and facts absolutely accurate. A man's name is his most prized possession."

From *Editing the Day's News* by George C. Bastian—"News-papers are responsible institutions. It has a legal right of fair criticism. It can speak its opinion as long as it confines itself to matters of public interest, such as affairs of state, the administration of justice, public institutions and local authorities, art and architecture, ecclesiastical matters, theaters, concerts and other public entertainments. Such comment, however, must never be malicious or unfair, and it must take the form of an allegation of facts as contrasted with a statement of opinion."

"Occasionally there is much discussion of the subject of newspaper ethics. The many do's and don'ts of writing can be rather frightening if you are sincerely conscious of every one of them."

"Different states have different libel laws. But they are quite numerous. The words

"It is said," "It is reported," "according to the story," "according to the police," and others commonly used, in no way protect a newspaper and do not constitute a barrier against suits."

"Libel can be used in many strange ways -- to impeach the honesty, integrity, virtue, or reputation of a living person, thereby to expose him to public hatred, contempt, ridicule, or financial injury" and so on leads to libel. There are even rules concerning the names of the dead.

"A newspaper confines its own expressions of opinion to the editorial columns, but quote the views of others in its news columns."

Crusades conducted for the good of the people can be news items. Campaigns against reckless driving or campaigns for a new building for the youth of a city or similar good endeavors can have the policy and drive carried on by a paper.

From *Barriers Down* by Kent Cooper, a dedication was made in the book to: "True and Un-biased news -- the highest concept ever developed in America and given the world."

Perhaps these are old books published many years ago and the ideas have grown old, but I'll bet the laws are still good!

Going along in this same trend of thought of how things have changed, I found this little quote from "The Man Next Door" by Burton Hillis of *Better Homes and Garden Magazine*:

Services Set By Baptists

Rev. Riley Eubank of Waco will be the visiting evangelist for a meeting at the First Baptist Church April 8-15.

Mr. Eubank is a native of Corpus Christi, graduating from the public schools there in 1942. He served in the U. S. Air Force as a pilot 1943-1945. He was graduated from the University of Corpus Christi in 1949.

While a student in the university, he was on the debate team and was listed in *Who's Who of American Colleges and Universities*.

Mr. Eubank did his theological training at Southwestern Baptist Theological Seminary, Fort Worth, receiving the B.D. degree in 1953 and the Master of Theology degree in 1956.

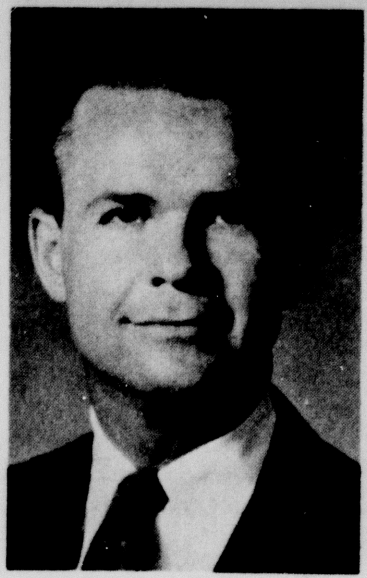

He has been active in student activities all during his ministry. He has been pastor advisor for the B.S.U. at the University of Texas and at the Oklahoma State University.

"When I was a boy, we spoke with admiration of the 'square shooter.' Such a man was 'square' with you and always gave you a 'square deal.' If he owed you something, he always 'got square' with you as soon as he could. He insisted that his business dealings be 'fair and square,' and all his personal relationships were 'on the square,' too."

It's a sign of our changing times that one of the nastiest things you can say about anyone these days is that he's a "square." Personally, though, I don't go along with that attitude.

"We've got about as many deliberately well-rounded personalities now as this country can hold. Too many of them turn out to be 'smooth operators' whose main interest is to 'get around' legal and moral obstacles."

"I'll take the fellow who refuses to cut corners."

DR. RILEY EUBANK

The public is invited to attend the series of meetings. The morning services will begin at 7:00 a.m. at the Baptist Student Center. The evening services will begin at 7:30 p.m. at the church.

An Open Letter to Texans from EDWIN A. WALKER

I have never gone into battle leading your brave young sons except with the determination to win. We are still at war, and we are now losing the war at home that your sons in uniform won for us upon the field of battle. This war is for survival! It demands the support not only of those in uniform but those out of uniform.

My mission in life has been to fight for America. After thirty years of service, I was relieved of my command because I tried to warn your boys of the evil and dangerous nature of the enemy they faced. It is obvious that while they were winning at the front, they were being betrayed at home.

The most important front now is the home front -- the front in Texas. The Governor of a State represents the constitutional executive authority reserved to the people -- the highest authority in the land.

This is no time for timid, weak and indecisive leadership in the most important State in the Union. My record speaks for itself. I am a soldier without a uniform. I owe allegiance only to our Flag, our Constitution and our Country. I am free of all political influence -- I am completely independent.

This is why I am asking the voters of Texas to let me lead them in restoring this State to its traditional position of respect and strength at this critical hour.

Again let me say that we are at War. I have enlisted for the duration, and, as in every other battle I have fought, I intend to Win for Texas and America!

UNDER MY ADMINISTRATION I CAN ASSURE YOU THAT:

(1) We will restore public respect in keeping with State sovereignty and constitutional authority, always with a prayer for Divine guidance.

(2) Texas will again be placed upon a sane and sound financial footing.

(3) Texas will guarantee the right to work and the protection of property to every citizen.

(4) We will stop the unconstitutional trespass of Federal power upon the rights of Texas citizens -- in education, welfare, business and labor.

(5) We will re-establish the respect of the people for the government of Texas -- which under present leadership has sunk to an all-time low.

(6) We will restore our State to its rightful position of leadership and high esteem throughout the United States by ridding her of special privilege, scandal and corruption.

(7) We will take party control away from the Potomac pretenders -- who have perverted the purpose, debased the ideals and, by control of political party machinery at the national level, have turned the Democratic Party into an instrument of Federal power.

(8) We will inspire and reinvigorate the Union -- thus leading the way for the restoration of National unity and the American Republic.

Believing thus, I have entered the Governor's race, in the party of my own pioneer people. By nature and by training, I am no more disposed to run from my adversaries in politics than from my enemies on the field of battle -- especially since the Party has betrayed its founders and perverted their principles.

I have no tolerance for the tactics of retreat, no patience with the philosophy of futility, compromise, fear and surrender! In a war for survival, for God and Country, I know only how to fight to win.

To these ends -- in keeping with my Constitutional rights and my oath to defend America -- I pledge Texas bold and courageous leadership in keeping with her ideals and traditions.

Passion Sunday To Be Observed

Passion Sunday, in hymns, prayers and sermon, will be the theme during the 11 a.m. services at the First Presbyterian Church.

The minister, John Lars Hamerson, will preach on the subject, "His Yearning and Our Own."

The Session meets on Tuesday evening at 7:30 for business.

study, and the planning of the Easter and post-Easter events of the church. Elder Don Olson will give a report on the recent meeting of the Presbytery of Plains.

The youth confirmation class meets Saturday, from 10 a.m. until noon.

Mrs. Jack Foster has returned from a trip to Hawaii.

TEC Sets Estimates

The Texas Employment Commission has estimated that 122,000 acres of wheat and 11,000 acres of barley will be combined in Randall County.

"Farmers have until May 1, 1962, however, to decide just how much of their 1962 wheat acreage they will leave for harvest," the Wheat Office Control Office of the TEC said. "Moisture is needed in all wheat and small grain producing counties except an area in north central Texas," the office in Amarillo added.

"If moisture is received soon, however, a very good crop could still be combined. Irrigated acreage is in good condition."

The office said reports have been received of scattered insect infestation in some areas. The threat, however, is not considered serious "at this time."

Bob Wear was released Saturday from Neblett Hospital after a two weeks' illness.

NOW OLIVER'S MIGHTY 1900 DIESEL HAS New HYDRA-POWER DRIVE

What a combination for the man who farms big

12,400 pounds of drawbar pull--the most massive pulling power in its class--and the new flexibility of being able to change gear ratios on the go, make the Oliver 1900 Diesel the growing choice of the big acreage farmer.

New Hydra-Power Drive puts you in command... puts the 1900's record-smashing pulling power to work for you. When the going gets tough and RPM begins to fall off, you just lift the Hydra-Power lever with fingertip ease, and increase pulling power 36%.

There are many ways Hydra-Power Drive makes your fieldwork easier, faster and more economical. It gives you twelve forward speeds to choose from, to match any operating conditions. You select the most favorable gear ratio for the job. When the load demand gets too heavy, you simply flip the control lever into Hydra-Power Drive, shifting on-the-go to 36% greater pulling power.

When you come to the end of the row, you no longer need to ride the clutch around. Just flip the lever into Hydra-Power Drive and go through the turn at a safe speed with full engine power (and full hydraulic power), then

flip the lever back to Direct Drive to resume speed. This shift on-the-go saves wear and tear on your clutch, too.

Men who farm big will find it profitable to specify the Oliver 1900 with Hydra-Power Drive. Where else can they buy such tremendous pulling power combined with 12-speed flexibility? The Oliver 1900 GM Diesel is without question the most useful big job tractor ever built.

Council Helps Students Become Good Citizens

(The following article was prepared for The Canyon News by Larry Roberts, Student Council sponsor at Canyon High School.)

The primary aim of the Student Council is to give students actual experience in the techniques of democratic processes. Membership in the council gives students opportunity for training in leadership, and the experience of every-day governmental responsibilities provides the training needed to become good citizens.

The Student Council is a forum for the expression of student opinion. One of its main objectives is to promote an atmosphere of understanding and appreciation between students and faculty members. The preamble to the constitution of the Canyon High School Student-Faculty Congress states:

"We, the students of Canyon High School, in order to create a high spirit of service, do set forth the aims of the student body in more concrete form; and to aid in the realization of these aims, do establish and ordain this constitution for the Student-Faculty Congress of the Canyon High School."

The council is made up of a president, a vice-president--both elected by the entire student body--and representatives from each class, with the class sponsors. Each class is entitled to one representative for each twenty-five students. At present, there are twenty-three members of the student council, including the president and vice-president, and not counting faculty members.

Following is a list of the students who are members of the present council:

President: Clark de Schweinitz.

Vice-President: Harry Lisle. Representatives of the freshman class: John Brandon, Lil Cowart, Jan Jarnigan, Beth Jarrett, and Cindy Taylor.

Representatives of the sophomore class: Carol Brown, Karen Erwin, Art Haley, Wam Moore, and Ronnie Sweet.

Representatives of the junior class: Bobby Dorris, Sharon Franklin, Davis Price, and Tim White.

Representatives of the senior class: Karen Brewster, Barbara Erwin, Leon Henderson, and Wayne Rutherford.

Kathy Hinger, Patricia Haley, and Lee Ruth Wiggins are non-voting members, carried over from previous years because of their attendance at State Conventions or workshops. (Our constitution provides for the re-

tention of such members who have had more experience and training in student council work.)

Traditionally, the Student Council in Canyon High School has sponsored certain activities. Each year it sponsors two all-school socials--one during the fall semester, and one during the spring semester. Before Christmas each year the council directs a clothing drive to collect clothing for charity. Courtesy Week is an excellent project sponsored by the council each year.

The Student Council is responsible for the handling of all student elections. A member of the council is given the re-

Americanism Week Is Set

Americanism Week will be held at Canyon High School beginning Monday--the first such observance in the nation.

It will climax five months of preparation by the National Honor Society, which is sponsoring the event.

Much of the week's activity will be in individual classrooms. Also planned are flag raising ceremonies, speeches and an assembly.

These are only a few of the projects which have become traditional in our school. The council this year has discussed taking steps to increase the effectiveness of the work by becoming much more active as a student council.

Our student council is a member of the Texas Association of Student Councils and the National Association of Student Councils. Members of our council usually attend the state conventions which are held once each year.
